

Spellcrafting Template for Wiccan Spells

When crafting a spell in Wicca, there are a few things you need to think about to ensure that you follow the Rede to the best of your ability.

1. What do you want? This is your intention.

2. Are there any possible bad outcomes that would bring harm? If so, what are they?

3. How long do you need the spell to last?

4. What Moon Phase will you perform the spell in?

- a. New Moon
- b. Waxing Moon
- c. Full Moon
- d. Waning Moon

5. Do you need any ingredients? Herbs, crystals, candles, etc.

6. Will you honor the God and Goddess?

7. How will you cast your spell?

- a. By Earth, for solid and long-lasting effect
- b. By Air, for whimsy and energy that goes with the flow
- c. By Fire, for quick action and short-term effect
- d. By Water, for slower and more fluid effect
- e. By multiple elements, for multiple effects

8. Write your spell. Remember to "let the spell be spoke in rhyme". If you have trouble rhyming words, there are several resources online to help with that!
